Got a question? Call the library! For us, it’s all in a day’s work.

I am writing a paper for my English class; do you have information on the history of the piano? My iPad won’t connect to the internet; can you help me? I am new to the area, still house-hunting; may I bring my children to the story times? We are caring for my mother in our home; she has Alzheimer’s disease; do you have anything to help me? I just moved here last week; can I use the computers? What is the second book in the Divergent series? I am new to Summerville; how do I get a library card? Can you direct me to a place that gives help with filing taxes? I want to take the ASVAB; do you have anything to help me prepare for it? Do you have tax forms? My grandson is having trouble with second grade reading; are there books to help me tutor him? Do you have wi-fi? I got a telescope from Santa; do you have any books on astronomy? I love sharks; do you have book and movies about sharks? We want to raise chickens; do you have anything to help us? I want to take my wife out for New Year’s Eve; do you have the local paper so I can see what’s going on? I need to take an online test for my job; can I do that here? They say I need to start cooking differently because my husband has diabetes; where are those cookbooks? Do you have a notary? When did Singapore become an independent state? Do you have a fax machine? How can I download books to the Kindle my children gave me for Christmas? I need to look for/apply for a job; can I use your computers to do that? We are going on a long car trip; do you have audiobooks?
